

Essay Competition-2014

World Philosophy Day was proclaimed by UNESCO (United Nations Educational, Scientific and Cultural Organization) to be celebrated in every third Thursday of November. It was first celebrated on 21 November 2002. It is celebrated to honor the philosophical reflections and works of philosophy by people around the world. Philosophy is the stepping stone for innovations and creative ideas. It has been the foundation of progress through many centuries, across cultures. On this day people get together to exchange problems, ideas and solutions to make this world a better place to live. In these strife-ridden times, philosophy is the only hope towards world peace. It brings democracy, justice, human rights and equality into the forefront. Reflection of world issues and solutions to problems of the humanity are the focal point of philosophical analysis.

This year World Philosophy Day is being celebrated on November 20, 2014. The **Centre for Positive Philosophy and Interdisciplinary Studies (CPPIS)** in association with the **Department of Philosophy, P.G. Govt.
